

Subcategory	Question in update (2024)	Equivalent question in current version	Reason for change	Change in answers
Farm characteristics	Added a glossary			
	I	II - V	Reduce the number of questions + farm size was not scored anyway	
	II	Ia	Improved flow questionnaire	
	III	Ib	Improved flow questionnaire	Checklist instead of open text area (easier analysis)
	IV	VI		
	V	VII	Wording changed; more objective/clear	
	VI	VIII		
	VII	IX		
Purchase of breeding pigs, weaned piglets and semen	1	1	Improved conditionality. Will only appear if in question I "sows/gilts/boars" were selected	
	2	2		
	3	3	Slightly changed wording of the question to focus on knowledge of the health status, rather than the level of the status	New answer options
	4	4	Slightly changed wording of the question to objectify if the user knows if the transport vehicles are cleaned and disinfected	New answer options
	5	5		
	6	6	Clarified definition of quarantine area	
	7	7	Removed "all-out". The all-in principle is more important, and this better represents the practice in the field	
	8	8	Slightly changed the wording of the question to emphasize the practices in the field	
	9	9		
	10	10	Improved conditionality. Will only appear if in question I "weaned piglets" or "slaughter pigs" were selected	
	11	11		
	12	12	Slightly changed wording of the question to focus on knowledge of the health status, rather than the level of the status	New answer options

	13	13	Slightly changed wording of the question to objectify if the user knows if the transport vehicles are cleaned and disinfected	New answer options
	14	14	Based on feedback we slightly changed the ranges of the answer options	
	15	15	Broader than the previous question. Also included answer option for natural breeding	
	16	NEW QUESTION		
	17	16	Slightly changed wording of the question to focus on knowledge of the health status, rather than the level of the status	New answer options
Transport of animals, removal of deadstock and manure	18	NEW QUESTION		
	19	17	Improved conditionality. Will only appear if in question I “slaughter pigs” was selected	
	20	18
