

Biosecurity in livestock production

Get up-to-date on the biosecurity aspects in livestock production with Biocheck's online training on Mondays from 6 October to 24 November 2025.

Five sessions (+ one optional) from 1 to 3 PM CET, including theoretical principles, practical implementations and e-learning exercises.

REGISTER NOW

6 Oct '25	Biosecurity principles and the link with animal health & production
13 Oct '25	Practical implementation of external biosecurity measures
20 Oct '25	Practical implementation of internal biosecurity measures
27 Oct '25	Quantification of biosecurity on farm-level + (virtual) farm visit
3 Nov '25	<i>Persuade farmers to implement biosecurity measures: tips & tricks</i>
24 Nov '25	Evaluation and discussion

Each session will be accompanied by short e-learning modules to recap the gained knowledge. Price for the full training (all 5 sessions + e-learning modules worth €62.50) is €475. The session on persuasion of farmers (±2.5 hours) is optional to the program and costs €145 separately or €110 when part of the training package. The training will finish with an exam (€110), for those that want a certificate. All prices are exclusive of VAT.
